

# Mineral-Clean®

## Mineral-Clean®

An acid blend that efficiently removes mineral build-up and scale.

Mineral-Clean® works best after Proxy-Clean® is used to remove the heavy soils from the water system

### Equipment Friendly

- Won't harm piping or delivery systems equipment
- Chloride/Chlorine free, greatly reducing the potential for corrosion

### Environmentally Safe

- Environmentally friendly and fast acting
- Conforms to USDA Inspection Programs

### Water Conditioner

- Conditions water by lowering PH

### No Build Up

- Efficiently removes minerals and scale build up

### Affordable

- Cost effective to suit your budget
