

Tray-Clean[™]

Tray-Clean[™]

Tray-Clean[™] is a chlorinated, non-foaming, alkaline cleaner designed specifically for use in automatic tray washing systems and buggy washers to clean chick boxes, hatch trays and egg flats.

Tray-Clean[™] is uniquely formulated for quick soil and scale removal.

- Unique combination of chlorinated and alkaline ingredients quickly decomposes proteins, soils and surface stains.
- Designed to keep soils suspended and prevent them from redepositing on surfaces

- Equipment Friendly
- Added corrosion inhibitors prevent scale and corrosion
- Phosphate free

- Superior Performance in a wide range of pH's

- Environmentally Safe
- Biodegradable

- Cost Effective
- Reduced Labor Costs
